NO: 5014, September 16, 7 p.m.

Officers both Eastern and Egyptian Depts FONOFF have recently raised with Embassy question as to when (Embassy's 4757, September 2, paragraph two) FONOFF might expect US reply to Bevin's memo re improving economic conditions in Middle East. They have reiterated view that General ME economic problem is of growing importance. It would be helpful if Embassy could be advised of Dept's intentions re reply.
